9840034583

Budhanilkantha-13, Kathmandu

Eager and Energetic Computer Engineering Student exploring the world of Computer Graphics Programming. Willingness to learn, experiment around different ideas. Ability to dynamically adapt to new environment.

Education

Shree Ripumaridini Sainik Secondary School, Bansbari

Grade 10 - Till 2075

Basic Academic Schooling

St. Xavier's Secondary School, Jawalakhel

+2 : 2076 - 2078

Higher Academic in Science (Computer)

Thapathali Campus, Thapathali

2078 - Present

Bachelor's Academic in Computer Engineering

Experience

Team Shireto - Blender 3D Artist

- 3D Modeling, Assembling, Designing
- UV mapping and Shading
- Animation/Image Rendering, Compositing, Geometry Nodes

Hero University - Unreal Engine (1st April - 1st May 2024)

- Basic workflow with Landscape, Foliage, Selection, Modeling Modes
- Familiar with Megascan library and Epic Marketplace for design assets
- Basics of Blueprint construction Script and PCG
- Materials, importing of external assets in FBX format
- Movie Render Queue/Sequencer and Plugins for Water, PCG

Key Skills

Blender

- Modeling, Shading, UV, Compositing, Animation, Geometry Nodes

Unity

- Level/Landscape Design
- Game Logic Scripting/Programming
- Familiar with Scriptable Objects/Singletons concepts

Unreal Engine

- Landscape, Megascan, Blueprint, PCG, Materials, Movie Render Queue

Web-development

- Understanding of HTML, CSS, JS
- Familiar with Reactjs, Tailwindcss
- Basic idea about Node.js, Next.js, Express, vercel

OpenGL/GLFW/GLAD/GLM

- Input, Text (freetype), GLSL, Vertex Buffers, Makefile

Python

- Basics of cv2, easyocr, tesseract for image processing
- Automation using Selenium, BeautifulSoup, Webdriver

Major Projects

Review/Voting - Exhibition SRSSS (2022)

Science Exhibition review/voting program (**Unity**) - [source here](#)

Interactive Quiz Program - JSQ (2021//2022)

St. Xavier's Joint School Quiz (**HTML, CSS, JS, Unity**) - [src1](#), [src2](#)

MViz - Mathematical Visualization Program (2023)

College OOP Project (**C, C++, OpenGL**) - [source here](#)

FuimGR - Graphics Renderer (2024)

College Graphics Project (**C, C++, OpenGL**) - [source here](#)

Personal Projects

React.js/Next.js - Web developement

- Helpmeout* - Utility Website for resources, [source](#)
- Dealsup* - Ecommerce site for Vendors and Sellers, [source](#)
- RSP - Portfolio Management, [source](#)
- Portfolio - Personal Website, [source](#)

Python - Utility Scripts

- StockBot* - Stock Market related Automation, [source](#)
- Web - Fresh React.js Starter, [source](#)

Contribution/Others

3D Design and Animation - Blender

Youtube - [source](#)

Web Development - React.js, Tailwindcss

Team Shireto Website* - Lead Developer, [source](#)

Ecast (Club) - Contributor, [source](#)

Yathartha (Techfest) - Contributor, [source](#)

Programming Languages

- C/C++
- C#
- Python

Hobbies

- Cooking
- Card Games
- Stock Trading

Other Skills

- Graphics Design (Figma)
- Problem Solving
- Troubleshooting Computer
